Changing from the Weekly Bulletin to the Daily will be considered a NEW subscription. Subscriptions must be sent by mail, paid at the Bulletin office or paid to the candidate in person.

The Special Offer

For ten days only, beginning Monday, May 6, and ending May 16, at 9:00 P. M., in addition to the votes given on subscriptions according to the above schedule, we make to contestants the following offer:

We will give each and every contestant an extra ballot of 75,000 votes who turn into the Evening Bulletin office five new twelve month daily subscriptions, or 30 new weekly subscriptions for one year each, between Monday, May 6 and Thursday, May 16.

We will give each and every contestant an extra ballot of 37,500 votes who turn in five new six months subscriptions between the above dates, or 15 new weekly subscriptions for one year each.

This is an opportunity to catch the leaders. Take advantage of it. Yearly subscriptions count two for six months. This is an opportunity to get extra votes by a little effort.

The subscriptions should not be held back until the last day, but should be turned in as soon as secured. An accurate account will be kept of all subscriptions turned in by contestants.

The contest department will issue extra ballots after this offer closes and mail same to contestants entitled to them. Candidates are not restricted as to the number of clubs they secure but will be given credit for all they secure.

Extended Subscriptions—Any new subscriber who has subscribed during the contest for a short time may extend his subscription and still be considered a new subscriber and the number of months paid will apply on this special offer. Mark stub, second payment.

Two-year weekly or daily subscriptions will count as two years on offer. Likewise longer term subscriptions will count as so many years on offer.

Contest Department, EVENING BULLETIN, Honolulu, T.H.

HAWAII IS OUT TO WIN—STROUD

(Continued from Page 1)

handkerchief in farewell salute. The send-off was informal, but it was just as sincere as though a citizen's committee had delivered a broadside of set speeches. Confidence and best wishes went with the hearty handshakes that passed between the sportsmen ashore, left to wait anxiously for news of the yacht's success, and the sportsmen aboard, who carry on their shoulders the actual responsibility of the contest.

"We ought to knock off more than two days of sailing time on the race this year, starting a month earlier than in 1910," said Second Mate Fred Fredericks, who has had actual charge of fitting the yacht for sea this time. "The prevailing winds are stronger in June than in July, and it should be a faster run all the way. Of course, we expect to win. The Hawaii is just as good as ever, and she ought to show

some of those California yachts the way across."

The trans-Pacific race is a run before the wind nearly all the way, and to get the full benefit of all the air stirring the Hawaii carries a big press of canvas. For the first four or five days out of San Pedro the wind will be a trifle off the quarter, and for this heat, in addition to her regular rig of foresail, mainsail, staysail and jib, the Hawaii carries a baby jib and jib topsail. When she squares away with the trades dead aft, she can shake out two squaresails, upper and lower, two club topsails, a balloon jib and fisherman's staysail. This makes nearly 10,000 square feet of canvas, which should carry her through the water at a great rate.

The mates have chosen waterways, and the crew is divided as follows:

Port watch—Messrs. Center, O'Brien, R. J. McElroy, Lili.

Starboard watch—Messrs. Fredericks, Staeker, Blaisdell, Wedeking. William H. Stroud is skipper. Columbus Simms cabin boy, Joe Loring cook, and Carl Dodson, of the South Coast Yacht Club, passenger and guest. Mr. Dodson had a return ticket home, but when he got the chance of sailing back on the Hawaii he scorned steam and tore up his ticket.

WAIT REPORT ON SUGAR BILL GOVERNOR'S MAN NOT YET NAMED

The stock market showed little activity today, even in the face of the reports that the Louisiana crop may be hard hit on account of floods. The stagnation today is caused by the imminence of a report on the free sugar bill in the Senate. Lack of definite information as to just what the Finance Committee will do this week is causing the investors and sellers as well to take thought before selling for the brokers.

Over Sunday some Hilo extension bonds went at \$94.50, and one block of 250 Brewery changed hands at \$20. Oahu Sugar was in some demand and on the exchange today this demand turned into transactions in a number of small blocks, the price remaining at \$29 even. Two blocks of Hawaiian Commercial went at \$45, and some more Hilo Railroad bonds were taken.

Invest your money in Bulletin advertising and it returns to you a hundred fold.

"The appointment of a successor to Superintendent Campbell of the Board of Public Works probably will be made this week," said Governor Frear today. "This is not definite, however, and if the selection is not made this week it probably will go over until my return from the States."

"Though the announcement of a vacancy in that department has been known publicly for some time, recommendations for the candidates have come to me very slowly. During last week my office was flooded with them, and as yet I have not had time to give all of them a detailed consideration." The Governor said there had been no change in his recently announced program for the visit to the East, and that he undoubtedly will sail on the steamship China, leaving here May 14.

DAIRYMAN IS SCORED BY THE COW INSPECTOR

Dr. Case, assistant Territorial veterinarian, reports to Veterinarian Norgaard on the work of dairy and herd inspection for the month of April:

"During the past month 702 animals were tested with 14 reactions, a percentage of 1.99 per cent. tuberculous. The districts covered were Alea, Pearl City, Ewa and Waimanalo. The tabulated results of the various tests is as follows:

Tested	Passed	Condemned
Tom Quinn	5	0
S. Toyama	5	0
Y. Nakamura	5	0
J. Schwank	5	0
F. Johnson	9	1
E. C. Smith	9	1
I. Morioka	22	19
R. McKeague	4	4
I. Moniz	2	0
R. Reis	2	0
S. Tado	9	0
K. Shimidzu	2	0
C. E. Eckland	2	0
T. Fugita	2	0
N. Kimoto	2	0
F. De Mello	8	1
S. M. McKeever	2	0
R. T. McGittigan	2	0
H. Focke	8	4
O. R. & L. Co.	597	593

702 688 14

"In the above list the dairy of H. Focke shows the highest percentage, four of the eight animals tested being condemned as tuberculous. That such a condition was found to exist after the number of tests made is due to the fact that the animals condemned on previous tests were allowed to remain in the dairy and spread the infection. At the present time there is in the dairy an animal which has reacted to the test four times, the reaction being in each case typical, still, through stubbornness—the owner can not plead ignorance of the dangers, as he has been well informed—and the fact the animal in question was a good milker, she was allowed to remain, with the result that on the present test 50 per cent of the cows reacted. Better evidence of the rapid spread of the disease in a dairy through the presence of one tuberculous animal could not be wanted.

It is hard to understand why, after the large amount of work which has been done and the effort which has been made on the part of the officials of this division to educate the dairy men, giving them the best and latest information on the subject and advising them as to the most economical methods to follow in eradicating the disease, such a condition should exist.

This year's general test of the dairy herds of the island of Oahu is nearing completion and the results are gratifying, indeed. Up to the present time figures show the following: Total number tested, 4,739; total number passed, 4,586; total number condemned, 153.

That the campaign against Bovine Tuberculosis is meeting with success is evidenced by the marked decrease in the percentage of tuberculous animals among the dairy herds of the city and country since the beginning of the work in 1909. This is brought out clearly in the following figures:

	T.	T.	T.	Per
Tested	Passed	Cond.	Cent.	
Second Test	4,152	3,950	222	5.34
First Test	1,916	1,475	441	23.01
Third Test	4,739	4,586	153	3.22

(Uncompleted)

In the three years which this work has been going on the percentage has been brought from one quite large, 23.01 per cent, to one quite small, 3.22 per cent, and which may be smaller yet when the test is completed. This is making rapid strides.

Henry M. Dearling, 73 years old, cashier of the defunct Abilene National Bank of Detroit, and his son, Palmer M. Dearling, were each sentenced to five years in the Federal prison at Leavenworth, Kas., for misappropriation of the bank's funds.

MAUI NOTES

(Special Bulletin Correspondence.)
WAILUKU, May 4.—The Island Electric Light Company, which will furnish the towns of Wailuku and Kahului with an up-to-date electric light system, is progressing very rapidly under the direction of Manager G. S. Wright and Mr. Trimble, the engineer. The poles from Kahului to Wailuku are now in position, while the heavy machinery which came on the S. S. Missouri recently is being placed in position in the new fireproof building of the company at Kahului, a little below the Maui Soda and Ice Works, Ltd., on the main road to Kahului. The Maui Chamber of Commerce

will meet at the rooms of the Maui County Board of Supervisors at 3 o'clock, next Wednesday afternoon, May 8, to hear the report of the committee on the Mediterranean fruit fly, which seems to be all over Wailuku and part of Wailuku. Some Chinese oranges at the residence of Rev. R. B. Poole, pastor of the Wailuku Union church, marked of the Kaahumanu church, at the old Alexander premises, were found to contain some maggots, which are supposed to be those of the fruit fly. Mr. Walsdale, on Vineyard street, Wailuku, also reports maggots found in the oranges on his premises. None have reached the up country as yet, and the greatest precautions are being made to prevent the spread of the pest outside of Wailuku and Wailuku.

J. A. Aloong, contractor of the new annex to the Malulu Hospital, Wailuku, which addition will be used for an operating room, has completed the building and has turned it over to Captain W. E. Hall, district road overseer and inspector.

Religious News.
Colonel French of the Salvation Army delivered a very powerful sermon or address to a well-filled house at the new Wailuku Union church last Sunday evening. His words were listened to with marked attention by those present. Fred Butler sang five or six sacred songs in his finished style. The congregation could have remained half a night listening to his masterly interpretation of sacred music. Colonel French and Mr. Butler also appeared during the early part of the evening at the Kaahumanu Christian Endeavor meeting, Wailuku. Mr. French spoke for nearly forty minutes to the large number of Hawaiians present. Mr. Butler also favored the society with a song. At the conclusion of the meeting, and in appreciation of the kind services of the two distinguished gentlemen, the members of the Hawaiian C. E. Society went over in a body to the Union church at the special invitation of Rev. Dodge, pastor. Mr. Dodge expects to take Mr. Butler on a tour of East Maui and Haleakala next week.

Do You Want A Down-Town Store Site?

There is a big demand for store locations in the center of the retail business section near the hotels, steamship offices, and on main car lines.

FOR RENT

The Orpheum, Savoy, Park and Empire Theaters

Each one is on an ideal retail store site. This is an opportunity which should not be lost sight of. Every merchant wants a store close to Fort Street. Two of the sites are just the places for auto garages. Can't be beat. Think it over. Better see us quickly.
